Activate @ Lake Crackenback

Media Release – Immediate

Your taste for adventure will be satisfied at Lake Crackenback Resort with the introduction of their new activities program – Activate @ Lake Crackenback.

Couples, friends and families can immerse themselves in the beautiful surrounds of the Kosciuszko National Park whilst undertaking in the excitement of a Kosciuszko Mountain bike or resort tour, fly fishing, tennis or kayak lessons all complete with a local expert instructor.

The invigorating alpine air coupled with abundant summer sunshine makes Lake Crackenback the perfect location to participate in or more of these new and exciting activities created to take advantage of the resort's unique surrounding environment.

The Activate Program has been designed to provide a one stop activities and accommodation destination in the Snowy Mountains with the desire to bring visitors to the region during the normally quieter summer months.

"Living here means we get to experience all the beauty and natural wonder of the Snowy Mountains year round. We want to offer our visitors the chance to enjoy this amazing region whatever the season. Our aim is to provide a distinctive alpine experience that will inspire people's sense of adventure" says resort General Manager Austin Robinson.
