## THE EXPERIENCE

A Lake Crackenback Resort wedding begins on the Friday evening when all the guests arrive for a pre wedding dinner or barbecue.

Saturday morning guests enjoy the resorts surrounds, walks, golf, relaxing while the bride and groom slowly get ready in their separate apartments.

By early afternoon the ceremony takes place with relaxed guests strolling over to the ceremony location either lakeside on the grassed area with mountain views in the background or a short drive to one of the nearby chapels

After the ceremony, wedding guests make their way to the pre reception drinks on the banks of the lake while the all important photographs are being taken.

The reception takes place in the spacious waterfront restaurant with bar including sumptuous food making for a memorable celebration.

Enjoy brunch the morning after to reminisce together with the guests about the wonderful day.

The restaurant comfortably seats 100 people with room for musicians and a dance floor. Up to 120 people can be accommodated should a dance area and space for a band not be required.

## THE CEREMONY

# wedding faq's

## **What happens if the weather is bad eg.**

### **Raining or windy?**

If there is bad weather on the day of your wedding, we will organise to either have the wedding in the Verandah room, adjacent to the Restaurant, or in the bar area. The Verandah room is 13m x 7m, this room does not have lake views but has natural light with lots of windows. The bar area has lake views however is smaller than the Verandah room so depending on your numbers, we will find a suitable location for your wedding.

### **How many people does the restaurant seat?**

The restaurant seats 100 with room for a small dancefloor. The maximum number in the restaurant seated is 120 people.

### **Where are wedding ceremonies normally held on the Resort?**

They are normally held opposite the Restaurant on the lakeside, however there are many beautiful areas on the Resort that you could have your ceremony.

### **How can I have the layout of the Restaurant?**

Depending on your numbers, there are many ways to set up the restaurant. If you have something in mind let us know, otherwise we can help you decide on a layout that will suit you. With larger groups of 80 people or more, it is recommended to have larger numbers of people on each table between 10 – 12 people.

### **Are the restaurant tables square or round?**

For smaller groups we do offer round tables that seat 8 – 10 people, for groups over 70 people the tables will be rectangle which can seat between 10 – 14 people.

### **Do you have beverage packages available?**

Yes, we do have beverage packages available they are included in the wedding pack for you with prices listed. You can choose just to have two hours of a beverage package if you like and then move to a bar tab or on-consumption after this time.

### **What decorations can I have?**

Your decorations are up to you. We like to give you the choice to have whatever you want. The only decorations we have to say 'no' to are confetti, glitter or scatters as these are very difficult to clean up after.

### **Do you decorate the restaurant?**

Normally we find that the bride has a friend or a family member to decorate the restaurant, if they need help we can assist them.

### **How many apartments do you hold for my wedding guests?**

We will start by holding 10 apartments for you, ranging from one, two and three bedrooms. Once these apartments have been taken by your guests, we will hold more until we have no more apartments left to offer.

## **What types of apartments do you have?**

We have studio, one, two and three bedroom apartments aswell as luxury 2 and 3 bedroom chalets.

The studio and one bedroom apartments sleep two people

The two bedroom apartments and two bedroom chalets sleep four people

The three bedroom apartments and three bedroom chalets sleep six people.

### **What time does the restaurant close?**

For an evening function, the restaurant is available to you until 12.00am after this time, there is a charge of \$200.00 per hour. Maximum 1.00pm.

### **What time is checkin?**

Check-in is 3.00pm. We have found in the past that many people arrive on the day of the wedding and the ceremony may be at or before 3.00pm. We will endeavour to have rooms available early for your guests to be able to get ready. Unfortunately, we cannot guarantee this. If not all rooms are ready, an alternative is to get changed in our Health Club, that has bathrooms including showers.

### **When do I need to give you confirmed numbers?**

Confirmed numbers are required at least 2 weeks prior to the function.

### **When do I need to confirm menus, room setup and other details?**

Confirmation of menus, room setup and all other details is required at least 2 weeks prior to the function.

### **What information do I need to give you?**

We require timings of your wedding day, menu options, requirements for eg. Microphone, time of when the cake will be delivered, any dietary requirements, beverages you have decided on, confirmed numbers attending, any music you have chosen either CD's or band.

### **How much is the deposit to hold the date for our wedding?**

The deposit required is \$1000.00. This is required 2 weeks after making the reservation. The deposit will be paid off the final balance. This deposit is forfeited if the wedding is cancelled 3 months prior to the wedding date.
